### GETTING TO SOUTH AFRICA:

I would suggest you use your local travel agent but here are some off the flight options that my friends have used before:

### COMING FROM THE USA?

South African Airways departs daily from either Washington DC (IAD) and New York (JFK) Airports to South Africa and the routes are code shared with United Airlines. There is also a direct daily flight on Delta Airlines from Atlanta to Johannesburg.

The New York (JFK) flight is highly recommended as it leaves in the morning and arrives into Johannesburg on the morning the next day, so you get to Johannesburg without extreme jet-lag. Both the Washington and Atlanta flights arrive into Johannesburg late afternoon.

### PASSPORT, VISA & DOCUMENT REQUIREMENTS:

1. Passport and photocopies of passport;
2. It is off the utmost importance that your passport is valid for at least 6 months after your intended date off travel.
3. **No visas are required for American passport and green card holders. You will be granted a 90 day holiday entry by the South African authorities when entering the country.**
4. Driver's license
5. Health-insurance card
6. Photograph of luggage contents in case of loss.
